Ms. Lori Henderson

Dear Ms. Henderson:

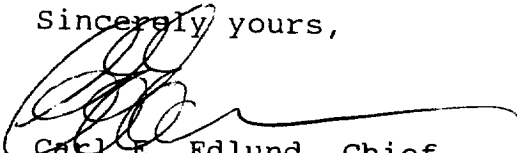

We have reviewed the following project plans (dated January 1994) resubmitted by Camp Dresser & McKee Inc. (CDM) on behalf of the Dallas Housing Authority (DHA):

- o Project Workplan for Demolition and Removal Action.
- o Project Workplan for Remedial Investigation/Feasibility Study (RI/FS).
- o Sampling and Analysis Plan for Demolition and Removal Action.
- o Sampling and Analysis Plan for RI/FS activities.

Except for the minor comments enclosed, the Environmental Protection Agency (EPA) hereby approves these plans for implementation. RI/FS and demolition/removal field activities can start provided these actions are coordinated through EPA so that oversight functions, as stated in the AOC, can be performed by EPA's contractor. We look forward to working with DHA to expeditiously move this project forward as requested by the community.

If you have any questions, feel free to call me or have your staff contact Carlos Sanchez at 655-8507.

Sincerely yours,

Carl E. Edlund, Chief
Superfund Program Branch
